

CESAR RESTREPO

GRAPHIC DESIGN / FRONT-END WEB DEVELOPMENT

PROFESSIONAL PROFILE

A self-taught Graphic Designer and Front-End Web Developer, who is passionate about creating elegant web designs and executing seamless user experiences. Technically minded With the ability to bring a creative edge to every project I deliver. working knowledge of JavaScript, CSS3, HTML5 and Bootstrap.

I thrive on being in challenging and dynamic environments where I have the opportunity to continuously learn and demonstrate my skill-set.

PROFESSIONAL EXPERIENCE

FRONT-END WEB DEVELOPMENT

Fly Phoenix Designs Sep 2013 - Jan 2016

This role consisted of working predominantly with start-ups in various sectors. The nature of the role required me to have constant communication directly with clients to determine their needs and suitable project milestones, from the initial consultation through the design and development phase as well as providing ongoing support. Additionally, I was responsible for creating the procedures and protocols that allowed for increased efficiency and customer satisfaction as well as general business administration.

A typical project involved:

- Optimising designs for optimal functionality and aesthetics
- Coding the website - using relevant coding practices
- Identifying modifications to meet changing user / client needs
- Cross-browser/ multi-platform testing
- Troubleshooting, debugging and performance testing
- Hosting, ongoing support and website maintenance

MIXING ENGINEER

Sunshine Studio, London April 2010 - Jan 2014

The role consisted of mixing tracks. (Using EQ and compression, panning, reverbs and delays, beat detective/ elastic audio, outboard equipment ect) using Pro Tools, as well running recording sessions for vocals and instrument overdubs.

TEST INVIGILATOR

TOEIC Sep 2007 - Feb 2010

Responsibilities include, preparing the testing room and materials and registering the candidates. I had to ensure that the examinations were conducted in accordance with the guidelines set out by ETS. (Test For International Communication)

GUITAR TUTOR

Sep 2008 - Jul 2015

Taught students guitar on a one-to-one basis. Students ranged from 8 to 17 years old and grades 1 through to 7 with RGT and Rock School syllabuses.

PERSONAL PROJECTS

I have a keen interest in personal development and currently in the process of working on a website that provides end users with:

- The latest information and content on lifestyle topics such as fitness and well-being, productivity and time management.
- An online community to share experiences, contribute ideas and engage in discussion topics.

I am working pro bono for a charity (The Grandmother Carmen Foundation), focused on providing housing and medical care for homeless elderly people in Colombia. Currently in the design phase of:

- A website that promotes the work of the charity.
- Graphic design and web development as required.

SKILLS

Coding is a passion of mine, I'm continually developing my skills.

Along with the skills listed, I have also encountered many other skills to a greater or lesser extent such as creating Wordpress themes, LESS and SASS pre-processors, PHP in the use of login areas and contact forms and database interactions with SQLi. Database creation using PHPmyadmin or using a console. I am currently developing my skills with Angular.js and hope to look into PHP frameworks like laravel in the near future.

The learning never stops!
