ABOUT OUR TRAINER

Roz Amat established The Positive Parenting Company in 2013. After working for a local authority supporting children and families for over 21 years, it became extremely evident that there was an increasing number of families experiencing children with challenging behaviour. The Positive Parenting Company is dedicated to providing high quality evidence based interventions that will give you skills to be able to identify influences of children's behaviour, learn new strategies and maintain them with continuous support and guidance. Roz has two teenage children and has been through the highs and lows of parenting and is trained to deliver levels 3 & 5 of the Triple P interventions. Roz is also a trained Freedom Programme and Escape the Trap facilitator supporting parents and young people aged 13-16 that have experienced Domestic Abuse, either within the family unit or in a personal relationship.
